Objective

Passionate architectural designer committed to sustainable excellence. Proficient in Adobe Suite, BIM, and CAD, with a proven track record in creating visually compelling, functional, and environmentally responsible designs. Seeking to contribute to a forward-thinking architecture firm.

Education

Academy of Art University | School of Architecture
B Arch 2019-2023

Experience

Architectural Designer, BLab Design Build at School of Architecture AAU, San Francisco, CA (2023 - 2024)

- Led the fabrication of modular beds and managed CNC machining of materials for BVHM San Francisco, ensuring precision and quality.
- Created detailed shop drawings and managed project budgeting, selecting materials that aligned with financial constraints.
- Conducted community workshops, gathering feedback to ensure designs met the needs of unsheltered families and students.
- Managed a group of volunteers to assist with fabrication, enhancing team efficiency and project completion.

Architectural Designer, 3638 South Perry LLC, Berkeley, CA (2022 - 2023)

- Designed an exterior façade using Revit and SketchUp, enhancing the building's aesthetic appeal and functionality.
- Worked on mass timber structure systems and gained an understanding of the fundamentals of mass timber construction.
- Drafted comprehensive plans for residential and dorm buildings, streamlining the approval process and reducing project delays.

Designer & assembler specialist, TaskRabbit, Bay Area, CA (2019 - Current)

- Installed over 1500 pieces of furniture, ensuring safety and operational efficiency, contributing to a 95% customer satisfaction rate.
- Designed and crafted custom furniture, leading to a increase in repeat clients.
- Provided detailed operating instructions, improving user experience and reducing post-installation issues.

Construction Site Supervisor, Meawad Residence, Egypt (2015-2017)

- Supervised construction activities for a residential house, completing the project ahead of schedule.
- Managed a team of 20+ workers and procured materials, reducing costs by 15% through effective negotiation and procurement strategies.
- Ensured successful and efficient project completion by overseeing daily operations and maintaining high standards of quality and safety.
